

### Green Minton China made as from 1903

---

This is a similar service to what our parents used at home in Basel on special occasions!

The mother of Heinrich Walter Hänggi (1896-1984), Maria Amalie Gmür (1857-1944), widow of Franz Wilhelm Hänggi (1841-1916), had promised our parents in 1925 the Minton china service as a wedding present.

Only in 1938, after they moved to the Actienbrauerei Basel, they got this service after repeated reminders by mother.

This set travelled from Basel to St. Gallen and in 1954 to Johannesburg – unfortunately, over time the set gradually broke in moving homes and through careless handling by staff. In the end there was only one cup left, till that also broke!
