19th April, 1961.

## TO WHOM IT MAY CONCERN.

This is to certify that Mr. W.H. Haenggi was employed by the South African Breweries in February 1954 on a six year contract as Project Manager.

During this period Mr. Haenggi was responsible for plant design and plant layout in all the Company's breweries. This assignment included the detailed design work of special items of plant whose local manufacture was necessitated either for reasons of economy or because Import Permits were not available. He was also responsible for the selection and purchase of other items of plant from overseas.

During the period December 1954 to June 1955 when the Company had no Chief Engineer, Mr. Haenggi willingly undertook these duties.

From April 1958 until his retirement on the 30th April 1961, Mr. Haenggi has been engaged in the preparation of the Group's Capital Expenditure Programme for breweries and maltings.

Mr. Haenggi has at all times carried out his duties expeditiously, accurately and conscientiously.

During the period he was managing project work, this company spent £4,000,000, a large portion of which was expended on the construction of a totally new plant in the Johannesburg area. This plant included a maltings which was Mr. Haenggi's brain child.

He is leaving the South African Breweries Group because his age already exceeds the retiring age by one year. He is, however, still active and healthy and could make a valuable contribution to any company wishing to employ him in a similar capacity.

He carries with him the best wishes of the undersigned, to whom he has given great assistance, particularly in the years when the Group was building up a Head Office Engineering Department.

Yours faithfully,

THE SOUTH AFRICAN BREWERIES LIMITED.

  
K.H. REDFERN.

TECHNICAL DIRECTOR.
